THE BURGLARS.

It was one of those fierce storms that are remembered for years. For hours, from the north and east, clouds had been hurrying on—black as night, pile upon pile—crowding and driving each other forward, like a vast multitude of disorganized, reckless men. The wind suddenly sank its howl to a whisper, as if awed by the very demons itself had conjured up; and in the heavens were heard low mutterings, and deep jarring sounds, as if an army of mailed men were tramping through the sky. Mid-day darkened into a pale and ghastly twilight. The streets were deserted. Men, women, and children stole to their homes; gathered in groups, and watched the brewing tempest. Old men shook their grey heads, and told of storms which they remembered many years ago, when they themselves were boys. 'This was like one of them.' Old women took to their prayer-books, and hoped 'that the end of all wasn't a-coming—they were afraid it was—it looked very like it—and perhaps it was—only the millenium hadn't come yet; and that was to come first—that was some comfort.' Even animals shrank away into their holes, and lay trembling in dread of they knew not what. As the storm gathered, the wind increased, growing louder and louder, until it became a hurricane, almost in an instant, and seemed to leap up like a refreshed giant, giving the signal to the tempest to begin its work. Down came the rain in masses, and away it went through the streets, hissing, foaming, and boiling; sweeping every thing from its path, tearing up paved streets, sapping foundations, and bringing to the ground old houses, which would have held up their heads against time for many a long year to come.

'God! this is beautiful!'

In a damp, unwholesome cellar, filled with noxious vapors—crouched a miserable female at a fire, which scarcely dispelled the gloom about her; and from her, this strange expression dropped. She was young, perhaps not thirty—but crime and want had done the work of years, and her look of youth had departed with her purity of heart. Her long dishevelled hair hung loosely about her shoulders, which were bare and exposed—indicating one reckless of appearance, and too far gone in vice to dream of shame—perhaps, like thousands, outcasts like herself, she had forgotten such a feeling. With sharp pinched features, a bright, wild, black eye, a compressed resolute mouth, there were yet traces of beauty—a beauty which, perhaps, had led to her degradation. There was little else redeeming beauty in the expression of her face, for it seemed made up of ferocity and despair.

She was hovering near the fire, like a half-frozen animal, with her arms clasped about her knees, listening to the howling of the storm without, or occasionally casting a stealthy look towards the dim corners of the apartment. It was a dreary

place indeed, stagnant and noisome, with the stifling closeness of a church vault. The floor was of clay, wet and muddy, from the leaking in of the rain. Long cobwebs, on which the dampness had settled like frost-work, hung from the walls, and a thick, white mould, like down, grew upon the stonework, from which the water oozed and trickled to the ground. A wooden bench, one or two broken chairs, a deal table, and an old chest, comprised all the furniture of the place;—and amid this sat this same wretched woman, a fit tenant for so desolate and dreary a home.

'How the wind shouts!' said she, rubbing her hands, and holding them over the fire. 'This is a night for them by—' 'Burn, burn, burn,' said she, heaping the fire with wood; 'burn, burn, for if they come, and are cold, I'll catch it. Hist!—what's that?' She stopped and held her breath, for even amid the wailing of the storm, her quick ear caught the sound of approaching footsteps. The next instant there was a violent knocking at the door communicating with the street. The woman arose and went to it.

'Who's there?' demanded she, putting her ear close to the door to hear the expected reply.

'D—n you, open the door, and you will see. Be quick, for we are drenched to the skin,' shouted a rough voice from the outside. A volley of kicks, which threatened to beat in the door, accompanied the surly response.

The woman made no other answer than drawing back a heavy bolt, when the door flew open, and two men, dripping with wet came in.

'Curse this rain!' exclaimed the eldest of the two, stamping the wet from his feet and flinging off a heavy great coat, saturated by the storm; 'what a night it is! and you—d—you—you'd have kept us there bawling all night. I could find it in me to murder you.'

'Could you?' said the woman, in a harsh voice. 'I ain't what I have been; but you are not the man could do it; nor both of you. Take care how you insult me, and she shook her fist in the very face of the savage man who had spoken, at the same time baring an arm which seemed as if it could effectually back the menace, although they were both powerful men. 'Now that you are here, cease your bawling, if you would not wake the neighbourhood.'

The man looked at her a moment, as if in doubt whether to reply; then turning to his comrade, he said in his usual surly tone:

'Why don't you get out of your rage, and come to the fire?'

'Cause I can't,' replied the gentleman thus addressed, fumbling at the collar of his cloak. 'This article is did up uncommon. I borrowed it out of a gentleman's entry, only yesterday, and I ain't got the hang of it yet. That gentleman always patronises the latest inventions; this is one of 'em. There, that's it.' 'How are you my beauty?' said he, addressing the fe-

male, who was looking at him without speaking; 'as handsome as ever, upon my soul!'

NEWPORT DAILY NEWS.

THURSDAY, NOVEMBER 12, 1846.

The armistice entered into between Genls. Taylor and Ampudia, at the capture of Monterey, has nearly expired, and probably by this time, the former has received official notice that it was not confirmed by our government, and he may now be making preparations for, or has already, commenced his march towards Saltillo. Late accounts inform us that Santa Anna is not already at Saltillo with a large army, but he will probably arrive there before Gen. Taylor possibly can; and although we do not like to look on the dark side of the picture, or anticipate trouble; still, we are fearful inroads will be made on our gallant little army by the enemy, along the mountain passes of the Saltillo road. But should Gen. Taylor reach the vicinity of that place unmolested, he will no doubt meet with a severe resistance from Santa Anna and the forces under him, as the Mexicans are well aware that if they are again routed at that point, there is no further hope for them to resist, with any kind of success, the onward progress of our army.

MASSACHUSETTS ELECTION.—From the recapitulation of the votes in 281 towns, as given in the Atlas, Governor Briggs has 51,682 votes; Isaac Davis, Dem. 31,679; scattering 13,165. Gov. Briggs is elected Governor by a majority of 6738, making a net Whig gain from last year of 9077.

IOWA ELECTION.—We have sufficient returns of the late State election to decide that with the exception of one Democratic Congressman, the Whigs have swept the state.

McKnight, the Whig candidate for Governor, is certainly elected.

Twenty is a majority in the House of Representatives, to which body the Whigs have elected twenty certain, and have strong hopes of four others.

Ten is a majority in the Senate—the Whigs have elected nine certain, and are confident of three more—making a majority in both branches of the Legislature, and securing the election of two Whig United States Senators.

FLORIDA ELECTION.—The Jacksonville News gives returns for Congress from the whole State, except the Counties of Dade and St. Lucie, and Cabell's (Whig) majority 97. The two Counties lacking, do not give as many votes as Mr. C.'s majority now is. The democrats have probably majorities in both branches of the Legislature.

Sign of Prosperity.—The New London Morning News has been enlarged to double its former size, and otherwise improved in appearance, by the introduction of new type. The "memorable night" on which the Morning News was "conceived," is fresh in our memory, and although it was then feared, by some, that its "birth" would be "premature," we are happy to see that such is not the case; and the fact of its having grown one half, in two years, is an evidence, that it is enjoying good health. Pity you can't "father" anything else," Guy.

Col. Stevenson.—The New York Courier has a letter from Washington, which states that Col. Stevenson took French leave of the Administration, in sailing for California.

It is said that it had been determined that he should not sail in command of the Expedition, and that this determination becoming known to a friend, it was conveyed to him by Telegraph. Whereupon, he weighed anchor and made sail in the hasty manner we wot of.

How much truth there may be in this rumor, the correspondent of the Courier does not pretend to say; but he states that Col. Mason of the 1st regiment of U. S. Dragoons, who has recently been promoted to that command, is about to sail for Chagress, cross the Isthmus of Panama, and proceed to Monterey on the Pacific coast, in anticipation of the Colonel of the Californians. When the redoubtable Colonel does land, he may find that 'Othello's occupation's gone,' and that Colonel Mason is his superior and immediate commanding officer, with all the power conferred upon himself, until relieved by General Kearney.

Mr. Secretary Marcy has rescinded the orders issued by General Patterson, excluding American citizens from the trade of the Rio Grande.

Two members of the Indiana Legislature have died since the late election in that State, one at his residence in De Kalb and Steuben district, and the other (Lt. Ellier, of Monroe Co.) at Brazos St. Jago. Both were Democrats.

AMERICAN BIBLE SOCIETY.—The monthly meeting of this Society was held at New York on Thursday afternoon. The number of Bibles issued during the past month was 77,074, and the cash receipts for the same period were \$13,260.

THE TEN HOUR SYSTEM.—The Manchester Democrat gives a case in point to show that employers are no losers by adopting the ten hour system. A rail-road contractor in that place, whose hands work only ten hours a day, has a job of grading beside another whose hands work on the old plan; the work and pay of the hands being equal—the ten hour contractor will have his job done in one hundred days less than the other.

STEAMBOATS.—It is stated that 108 steamboats have been built at various points on the Ohio river this season, the aggregate tonnage of which is 54,660 tons, and the cost \$1,400,000. The total number of steamboats on the Ohio and Mississippi is stated to be 750, the tonnage of which is 169,000, tons and the cost \$12,000,000.

The value of three things is justly appreciated by three classes of persons—the value of youth by the old, the value of health by the diseased, the value of riches by the needy.

Such is the progress of science, that it is confidently believed that much of the sublimest phenomena of nature will be reduced to domestic purposes, and thunderbolts will yet be used to fasten doors.

"The present scarcity of money," said a deliberate wisacre to his wife, "is owing to—" "Your are right, my honey—it is because there is so much owing to, and so little paying to."

It is recommended as an excellent amusement, during a long, heavy rain, to endeavor to recollect who it was that borrowed your umbrella, the week before.

Bogle's Hyperion Fluid is becoming immensely and deservedly popular. It is unquestionable superior to any thing of the kind now in use, and those who will admit it, who may test the matter, Ladies who wish the very best article in the world to give the hair beauty and natural gloss, as well as to give it a satisfactory set, should try the Hyperion Fluid. We mean just what we say, and have no fears of having the matter tested. Bogle is no less skillful and happy in his style of dressing the hair. Put your head in his charge, and see if this be not true.—Star aug24

THE AGE OF IMPROVEMENT.—Among the many blessings attendant upon improvements in the social condition, and the advances of our race in intelligence, is the prolongation of human life.—With the increase of intelligence, has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the strides of science, have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age in ameliorating the condition of this large class of suffering humanity, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and so strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudice of all respectable and sensible men, and the article has taken a stand among the first class of discoveries and blessings of the age; and when resorted to in season, eradicates the disease for which it is recommended.

Dr. Banning's Patent Body Lax, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lax, and be put off with nothing else.

New and More Testimony.
WARREN, August 22, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lax which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lax, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Genuine Bears Oil—Highly Perfumed.—Perhaps our ladies and fashionable are not aware that three quarters of the 'Bear's oil,' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. The real Bear's oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Purified and perfumed for toilet purposes, by HENRY JOHNSON, Chemist and Druggist, 273 Broadway, corner Chambers-st., in the granite building. Sold in Newport by R. R. HAZARD, near the Court House. Oct27 6m

Glove Anodyne Toothache Drops.—The Glove Anodyne is the best of all Toothache remedies. It is immediate and certain in its effects, curing the most violent toothache, or pain in the gums in ten minutes.

Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth, apparently sound, this application will give speedy relief, by rubbing a few drops to the part affected. Price 25 cent. Prepared and sold by HENRY JOHNSON, Chemist and Druggist, 273 Broadway, corner of Chambers-st., in the granite building. Sold in Newport by R. R. HAZARD, near the Court House. Oct27 6m

Roman Eye Balsam, for Weak and Inflamed Eyes.—This valuable Balsam has been used for many years, in private practice, by the most established Oculists in this, and foreign countries, and may be confidently relied upon, as the most safe and speedy cure for weak or inflamed eyes, arising from any cause, that has ever been offered to the world. Its peculiar operation consists in removing all unhealthy action in the vessels of the eye, and parts adjacent, substituting a healthy process, which soon results in a perfect cure. The afflicted are invited to try and become convinced. In small jars, 25 cents.

CLOTHING. CLOTHING.

Large enough for the largest man, and small enough for the smallest boy.

We warrant men a perfect fit,
That's not the most successful hit?
For with their matchlessness of cut,
For more celebrity we've got,
Small gain on one alone we reap,
But here's our motto—"we sell cheap."

At the great
OREGON CLOTHING WARE HOUSE,
Corner of Thames & Franklin Streets.

May be seen the largest and most splendid assortment of Ready Made Clothing ever offered in the town of Newport, at prices which cannot fail to suit, and a little superior and cheaper, than at any other similar establishment in the town. These goods cannot be surpassed, if equaled, for neatness, taste elegance, and durability. This well selected stock was bought on the east system, and can and will be sold cheap. Come now all ye, while the doors are open unto you, and be clothed from the crown of your head to the soles of your feet.

Among the above named articles may be found

Cloaks,
Which dignify the human form—
As beautiful as they are warm.

Pilot Coats.
They cost more nothing, and so stout,
It takes you years to wear them out.

Bever and Broadcloths.
They seem forever fresh and bright,
And give the wearer great delight.

Dress Coats,
Cut, pressed, and made in tasteful manner—
They win the envy of the scanner.

Pantaloon.
Fine stitches, tightly drawn, and strong—
The reason why they last so long.

Vests and Scarfs.
There's nothing can adorn the breast
So well as can a handsome Vest,
But what's a Vest without a Scarf?
It's like a smile without a laugh;
It loses half of its expression,
No man should think of such aggression.

Also may be found Collars, Bosoms, Shirts, Handkerchiefs, Gloves, Suspenders, Hats, Caps, Boots, Shoes, and all other articles generally worn by the Male part of the community. Don't forget the Oregon Clothing Ware House corner of Thames and Franklin Streets.

COUGHS, COLDS, BRONCHITIS, &c.
NO better article for the effectual cure of the above, and all complaints of the Breast and Lungs was ever made, than that long known and justly celebrated remedy, called WINTWELL'S MENTHOLATED CANDY. It promotes expectoration, removes hoarseness, and positively without fail cures the wither cough, if curable, when used in connection with the COCOA PILLS, which all who purchase 4 boxes or more of the Candy, are gratuitously entitled to. This candy has been in successful use for 14 years, and in no case whatever, where a cure could be possibly effected, has it failed. It will not cure Consumption, but it will cure Coughs, Colds, Hoarseness, and all the common pulmonary affections. It not only contains a strong decoction of Horehound, Bonnet, Boltsfoot, and various other herbs, but the best COCOA PILLS that can be possibly used, such as is daily prescribed by our first Physicians, in pulmonary complaints. All those who have tried other Cough Candies without success, are invited to use this, and the most incredulous will be satisfied that it is all it pretends to be. Sole agent in Newport,

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GRAY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. ROGEE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. ROGEE, accompanies each bottle. Aug. 21—1y.

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griseom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,
 Sir:—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural, the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.

Yours, &c. WM. BANNING.

Dr. G. M. Boardman,
 Middletown, June 25, 1843.

Dr. Boardman,
 Dear Sir:—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.

aug. 29th.

STEPHEN BROOKS, JR.,
 Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir:—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher,

PEACH, Rose, and Orange Flower Water, in large or small quantities, at **R. J. TAYLOR'S.**

June 30.

From the Brooklyn Daily Advertiser.
—A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent and un-
 cide **RADWAY'S CHINESE MEDICATED SOAP.** Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, **RADWAY'S CHINESE MEDICATED SOAP,** she complied with our request, and in three days there was not a single spot, blotch, pimple or blotch left upon her skin, and her complexion is now as fair as the Lily.

Ladies, secure without delay a cake of this in-estimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-12 cents per cake. Sold in Newport by **R. J. TAYLOR, Agent.**

Aug 7

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before entering the chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all forerile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for **BARRINGTON'S Mother's Relief.** None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS.

All persons require. *Fact.*
DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicines had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicines and purifier of the blood. I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time.

Yours respectfully,

J. E. P. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised loudly. I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully,

E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully,

W. M. HALSTAL.

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physicians, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the honor from all others. This extraordinary medicine has actually done WONDERS within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

PILOTAGE.

THE subscribers respectfully inform the public, that they are in constant attendance as Pilots on this Coast and Bay, and by their long experience in the profession, which is well known to merchants and mariners, gives them advantage over those persons who have lately intruded themselves into the profession, without practical experience or skill, and are constantly endangering the lives and property entrusted to their management.

We trust that this notice will be suitably appreciated by all masters and owners of vessels, who have a due regard to their own interest and security.
